Key of G

VERSE 1

G
I've been hoping and searching
I've been tired of hurting
C
Deep down I know, there's so much more
G
I feel over-taken
But I've seen and I've tasted
C
That You are good
You're always good

PRE-CHORUS 1

Am C
There's so little left for me to even bring

CHORUS

G
With my heart open wide
Am
I will lift up my eyes
Em
To see new hope arise
C
You're all that I needed
G
From ashes and pain
Am
Only one thing remains
Em
Oh, my soul will sing
C
You're all that I needed

G///Am///Em///C///

You're all, You're all I needed (x3)

VERSE 2

G
In the stillness, in the quiet
Through Your Spirit, I will find it
C
The peace I need, I still believe
G
In the broken, in the wounded
Is a place where You are moving
C
Awake in me, the faith to see

PRE-CHORUS 2

Am C
Even when my brokenness is all I bring

BRIDGE

G Am
So hold fast, hold fast
Em C
To the grace we've been given
G Am
Hold fast my soul
Em C
there is hope in the healing
