

You're All I Needed

Taylor Agan, John Benda, Dominic Gibbs,
and Mitch Langley

VERSE 1

I've been hoping and searching
I've been tired of hurting
Deep down I know, there's so much more
I feel over-taken
But I've seen and I've tasted
That You are good
You're always good

PRE-CHORUS 1

There's so little left for me to even bring

CHORUS

With my heart open wide
I will lift up my eyes
To see new hope arise
You're all that I needed
From ashes and pain
Only one thing remains
Oh, my soul will sing
You're all that I needed

You're all, You're all I needed (x3)

VERSE 2

In the stillness, in the quiet
Through Your Spirit, I will find it
The peace I need, I still believe
In the broken, in the wounded
Is a place where You are moving
Awake in me, the faith to see

PRE-CHORUS 2

Even when my brokenness is all I bring

BRIDGE

So hold fast, hold fast
To the grace we've been given
Hold fast my soul
there is hope in the healing
