## **VERSE 1**

I've been making plans  
And filling my schedule  
As busy as I am feels like I'm running in circles  
I don't want to miss  
whatever You're doing I'm too busy moving  
Lord I wanna live  
seeing Your vision help me to listen

## **PRE-CHORUS**

I don't want to look back  
wishing that I would have  
Paid attention more

## **CHORUS**

I wanna be ready  
Wherever You send me  
From the top of the mountain  
To the deepest valley low  
Whatever it costs me  
My life is an offering  
I'm tired of wandering  
Give me faith for the unknown  
I wanna be ready

## **VERSE 2**

Trying to see Your plan  
Through all the distractions  
Give me open hands whatever may happen  
God, I know Your ways  
are better and higher, greater and wiser  
Every single day my heart will say

## **BRIDGE**

I don't want look back, wishing that I would have  
Paid attention more  
If I'm too busy looking out a window

how could I know when you open up a door
